YOUR SUPPORT BRINGS DREAMS TO LIFE

College Park Center is a dream come true. But this striking, $78 million special events showpiece is just one of many achievements that you, our most valued donors and friends, help make possible.

The thoughtful and generous contributions of 1895 Society members also provide students with scholarships that help them fulfill their academic aspirations and prepare them to succeed in the global marketplace. They give world-class researchers the tools to create the next generation of life-enhancing inventions. And they support dedicated faculty members in their mission to impart knowledge in innovative ways through nationally recognized academic programs.

Your gifts advance UT Arlington to new levels of excellence and make a vital difference every day in the life of the University. Together, we truly can make dreams come true.

Named for the year the University was founded, the 1895 Society recognizes individuals who provide annual leadership support of $1,000 or more to any of UT Arlington’s colleges, schools, or programs during the fiscal year, September 1-August 31. Contributions from 1895 Society members propel the University toward its goal of becoming a major national research institution and make a powerful statement about the value of a UT Arlington education. For more information on joining the 1895 Society, please contact Mark LaVelle, assistant vice president for university development, at 817-272-5235.
