MELT® of chronic pain: roadmaps to relief.

FEELING THE EFFECTS

Pain, fatigue, and other chronic symptoms are no match for the MELT® Roadmap.

TEAMS UP

Working with your healthcare provider, you’ll take short, 5-minute breaks from your MELT® practice and get a roadmap straight to the source of your pain.

KEEPING UP

When you’re ready to get back to your MELT® practice, the Roadmap will be there to support you.

NURSING THE DATA

Your healthcare provider will use the Roadmap to help them guide you to better health.
